

Word Scramble

Instructions : Unscramble the glossary words. Some letters have numbers under the box. Write the letter in the phrase below (gray boxes) that has the same number underneath.

IANMRPEXEIETNO

A horizontal number line starting at 5 and ending at 30. The line has major tick marks at intervals of 3, labeled as 5, 12, 11, 20, 21, 15, and 3. There are also unlabeled tick marks between the labeled numbers.

TCUOPR YSTEFA GNTETSJ

The figure consists of three separate horizontal number lines. Each line has tick marks at integer intervals from 1 to 10. The first number line is labeled with the numbers 16, 45, and 24 below it. The second number line is labeled with 35, 42, and 38 below it. The third number line is labeled with 41 and 40 below it. In each case, the tick marks are aligned vertically under the corresponding labels.

The figure consists of three separate horizontal bars, each composed of a sequence of gray squares. The first bar spans from position 1 to 10, the second from 11 to 18, and the third from 19 to 23. Each bar's length corresponds to its range of integers.

The figure consists of four separate horizontal number lines. Each line has tick marks and numerical labels below it. The first three number lines each have five tick marks, while the fourth one has four. The tick marks are represented by small gray rectangles.

- The first number line starts at 24 and ends at 28. It has tick marks at 24, 25, 26, 27, and 28.
- The second number line starts at 29 and ends at 31. It has tick marks at 29, 30, and 31.
- The third number line starts at 32 and ends at 41. It has tick marks at 32, 33, 34, 35, 36, 37, 38, 39, 40, and 41.
- The fourth number line starts at 42 and ends at 44. It has tick marks at 42, 43, and 44.
